**Romania, Cluj-Napoca city**

### **Welcome to Zemaitija National Park, I will be your guide.**

Coming from Cluj-Napoca, Romania, I am a 30-year-old volunteer here in Lithuania. After living my entire life in my home country, I decided to explore a different country and culture. I arrived here in March and will stay until October.

My main interest in life are people and that is why I always chose work fields that allowed me to interact with them. I was a trainer in an IT company, where I worked for 4.5 years before coming to Lithuania. Before that I worked as a consultant in customer relations 2 other companies. I've learned a great deal about how people interact and about myself during these years.

On a personal note, I could not imagine my life without music, mostly jazz and rock and roll, or without coffee.

My strength comes from nature, so I'll take almost every opportunity to go hiking, climbing mountains and visiting the seaside. I also like swimming and biking. For almost 2 years I flew a paraglider back in Cluj and am a licensed pilot.

I dream of someday owning a house where I could keep animals. In Romania, more and more young people are starting to leave the big-city, crowded lives for small towns or villages.

If I were to describe my perfect day, it would be a combination of time spent on my own reading, meditating, daydreaming and time spent with friends or making new ones.

Because I am food enthusiast, I very much enjoy meals shared with people, talking and laughing. I believe great stories can be made and shared over lunch or dinner and if you add a glass of wine to the equation, it just might reach perfection.

This journey is a learning experience for me as well, so I am all ears of what you can also teach me.

**See you soon and don't hesitate to reach to me if I can help. Have a great time in Zemaitija National Park!**
